WHEREAS pursuant to Minnesota Statutes §103B.231, on January 4, 2010, the Rice Creek Watershed District ("District") adopted its watershed management plan (WMP), detailing the existing physical environment, land use and development in the watershed and providing for water resource management to protect water resources, improve water quality, prevent flooding and otherwise achieve the goals of Minnesota Statutes Chapters 103B, 103D and 103E;

WHEREAS on November 12, 2014, and November 9, 2016, the District amended the WMP;

WHEREAS on January 27, 2016, by Resolution 2016-04, the District Board of Managers approved the local water management plan of the City of Circle Pines prepared under Minnesota Statutes §103B.235, which describes the existing and proposed physical environment and land use within the City and sets forth an implementation plan for bringing local water management into conformance with the WMP;

WHEREAS on July 11, 2018, the City submitted a revised local plan incorporating changes prompted by the November 9, 2016 revision of the District’s WMP;
